

To the Members of the California State Senate:

I am returning Senate Bill 930 without my signature.

This bill is unnecessary and reduces gubernatorial discretion to appoint the appropriate individuals to the California Community College Board of Governors. The Office of the Governor is currently able to consult with various resources, including statewide associations, when determining the most appropriate person to fill board appointments. Moreover, this bill would potentially eliminate the consideration of highly qualified persons because they are not associated with or recognized by the statewide organization representing community college governing boards.

For this reason, I am unable to sign this bill.

Sincerely,

Arnold Schwarzenegger
